

Meeting Notice

August 22, 2011

PHYSICIAN ASSISTANT COMMITTEE
2005 Evergreen Street – Hearing Room #1150
Sacramento, CA 95815
10:00 A.M. – 5:00 P.M.

AGENDA

ALL TIMES ARE APPROXIMATE AND SUBJECT TO CHANGE

1. Call to Order by Chairman (Klompus)
2. Roll Call (Forsyth)
3. Approval of May 19, 2011 Meeting Minutes (Klompus)
4. Public Comment on Items not on the Agenda (Klompus)
5. Reports
 - a. Chair's Report (Klompus)
 - b. Executive Officer's Report (Portman)
 - c. Licensing Program Activity Report (Mitchell)
 - d. Diversion Program Activity Report (Mitchell)
 - e. Enforcement Program Activity Report (Tincher)
6. **11:00 AM – Hearing**
Petition for Reinstatement of Physician Assistant License – Bab Haya

CLOSED SESSION: Pursuant to Section 11126(c) (3) of the Government Code, the Committee will move into closed session to deliberate on the petition for reinstatement.

CLOSED SESSION: Pursuant to Section 11126(c) (3) of the Government Code, the Committee will move into closed session to deliberate on disciplinary matters.

RETURN TO OPEN SESSION

Meeting Notice
Agenda – Page 2

7. Discussion and Consideration of Legal Memorandum Regarding Interpretation of Title 16 CCR §1399.541(i)(1) (Personal Presence) (Sachs)
8. Discussion Regarding Preparation of Sunset Review Report (Klompus)
9. Overview and Presentation of Information Regarding the Physician Assessment and Clinical Education Program (PACE) (Peter Boal and David Bazzo)
10. BreEZE Presentation (Debbie Balaam)
11. Discussion of 2 year PA Programs in California and Potential New Programs (Sachs)
12. Update and Potential Consideration of Legislation of Interest to the Physician Assistant Committee (Klompus)
AB 30, AB 82, AB 92, AB 137, AB 138, SB 28, SB 69, SB 100, SB 161, SB 233, SB 541, SB 544, SB 943
13. Schedule of 2011 Meeting Dates and Locations (Portman)
14. Agenda Items for Next Meeting (Klompus)
15. Adjournment (Klompus)

Note: Agenda discussion and report items are subject to action being taken on them during the meeting by the Committee at its discretion. All times when stated are approximate and subject to change without prior notice at the discretion of the Committee. Agenda items may be taken out of order and total time allocated for public comment on particular issues may be limited.

Notice: The meeting is accessible to the physically disabled. A person who needs a disability-related accommodation or modification in order to participate in the meeting may make a request by contacting Lynn Forsyth at (916) 561-8785 or email Lynn.Forsyth@mbc.ca.gov or send a written request to the Physician Assistant Committee, 2005 Evergreen Street, Suite 1100, Sacramento, California 95815. Providing your request at least five (5) business days before the meeting will help to ensure availability of the request.

May 19, 2011

PHYSICIAN ASSISTANT COMMITTEE
2005 Evergreen Street – Hearing Room 1150
Sacramento, CA 95815
10:00 A.M. – 5:00 P.M.

1. Call to Order by Chairman

Chairman Klompus called the meeting to order at 9:58 a.m.

2. Roll Call

Staff called the roll. A quorum was present.

Committee Members Present: Steve Klompus, PA
Rosslynn Byous, PA, Ph.D.
Cristina Gomez-Vidal Diaz
Reginald Low, M.D.
Robert Sachs, PA-C
Shaquawn D. Schasa
Steven Stumpf, Ph.D.
Shelia Young

Staff Present: Elberta Portman, Executive Officer
Kurt Heppler, Senior Staff Counsel, Dept. of
Consumer Affairs (DCA)
Glenn Mitchell, Regulation/Lead Licensing
Analyst
Dianne Tincher, Enforcement Analyst
Lynn Forsyth, Staff Services Analyst

3. Approval of February 3, 2011 Meeting Minutes

The February 3, 2011 minutes were approved as written.
(m/Sachs, s/Young, motion passes)

4. Public Comment on Items not on the Agenda

Tracey DelNero, PA-C, Clinical Coordinator from Touro University, spoke regarding the following three items:

1. Ms. DeINero requested clarification on the CME requirements and the information that is listed on the PA application for initial licensure in the State of California. Effective and approved in June 2010, regulation 1399.615, states that the State of California now requires CME's documentation or continued PAC national certification. Ms. DeINero stated that this information is not included in the Physician Assistant application dated January 2011, it still states that the CME is not required for licensure. Ms. DeINero requested that the Committee update the licensing application to reflect the CME requirement.
2. Ms. DeINero also stated that the fees that imposed upon new licensures are not in compliance with the Section of 3521.1 and Regulation 1399.550. Neither of these sections discusses any addition fee for fingerprinting or background clearance. However, the current fees on the application have a total fee of \$276.00 for finger printing fees. Ms. DeINero states that the regulation states total fees of \$275.00, so this exceeds the current limit in regulations. Ms. DeINero contends that this is non-compliance and that this issue needs to be addressed by the Committee.
3. Ms. DeINero requested the Committee to clarify Section 1399.530 of the Committee's Regulations to eliminate any confusion.

Cindy Kanemoto provided an update from the Department of Consumer Affairs Executive office as follows:

1. Ms. Kanemoto stated that on February 15, 2011, Governor Brown issued an Executive Order regarding a state wide hiring freeze. The order did provide an exemption process for essential positions. The exemption requests will be reviewed by the Department, State and Consumer Services Agency, the Department of Finance and finally the Governor's office.
2. Ms. Kanemoto stated that the travel restriction Executive Order issued on April 26, 2011 declared that no travel is permitted unless it meets the definition for mission critical travel.
3. The Department posted the third quarter performance measures on the Department's website. The Department encourages all Committee members to review these measures.
4. Ms. Kanemoto stated that the Department encourages this Committee to move forward with regulations to implement the SB 1441 uniform standards.
5. Ms. Kanemoto stated that there is a new Annual Executive Officer Evaluation form.
6. Ms. Kanemoto also encouraged the Committee to utilize webcasting for upcoming meetings.

There was no other public comment at this time.

5. Reports

a. Chair's Report

No report provided.

b. Executive Officer's Report

Ms. Portman provided the Committee with a brief budget report.

Ms. Portman reported that the fund condition and budget reports were in the members packets for review. Ms. Portman reported that as of April 30, the Committee has 20.96% of the budget remaining.

Ms. Portman stated that in February 2011, the Committee was approaching the exhaustion of enforcement monies. Ms. Portman reported that in March, after notifying the Department, the budget office did locate additional PAC funds that were not shown on our budget report. With the additional funding we are able to continue with our enforcement spending.

Ms. Portman reported that the .5 licensing position still remains vacant. Ms. Portman also reported that we have not received any applications from within DCA and now are awaiting approval for an exemption so we can hire from lists or another department.

Ms. Portman reported that staff is trying to keep the licensing processing current; however, if we are unable to fill the vacant licensing position, we will experience a licensing backlog as summer is the busiest time of year for the program.

Ms. Portman also reported that she and Glenn Mitchell had given a presentation to Stanford students. The presentation was via conference call, due to the travel restrictions. The students were given information about the application process, the enforcement program and the Committee's laws and regulations.

Ms. Portman reported that the pending regulation regarding notification to consumers per SB 139 is now at DCA. If approved, Physician Assistants will be required to post information similar to what physicians are now required to post in offices to notify consumers of their license agency and where to file complaints against licensees.

c. Licensing Program Activity Report

Between December 1, 2010 and April 1, 2011, 196 physician assistant licenses were issued. As of April 1, 2011, 8,062 physician assistant licenses are renewed and current. Currently there are a total of 157 California approved training programs.

d. Diversion Program Activity Report

As of April 1, 2011, the Diversion Program has 25 participants, 6 self-referred participants and 19 Committee referrals. There have been 98 participants since program implementation in 1990.

d.1 Update on Substance Abuse Coordination Committee Uniform Standards

Mr. Mitchell provided the Committee with a brief update on the Uniform Standards regarding substance-abusing healing arts licensees. Mr. Mitchell also provided the members with a chart detailing the participant successful completions since 2003.

e. Enforcement Program Activity Report

Between July 1, 2010 and March 31, 2011, 201 complaints were received, 79 pending complaints, 30 pending investigations, 39 current probationers and 26 cases are pending at the Office of the Attorney General.

6a. **10:30 AM – Hearing**

Petition for reinstatement of physician assistant license – Ike Udengwu

6b. **11:30 AM - Hearing**

Petition for early termination of probation – Molly Kalejs

CLOSED SESSION: Pursuant to Section 11126(c) (3) of the Government Code, the Committee moved into closed session to deliberate the petition for reinstatement and the petition for early termination of probation.

CLOSED SESSION: Pursuant to Section 11126(c) (3) of the Government Code, the Committee moved into closed session to deliberate on disciplinary matters.

The Committee Returned to Open Session at 1:00 P.M.

7. Discussion of Title 16 CCR §1399.541(i)(1) Personal Presence

Committee Member Robert Sachs indicated that the committee had received a communication from a physician assistant and also a letter from the California Academy of Physician Assistants regarding the legal opinion rendered in 2005 regarding the personal presence of a physician assistants supervising physician in relation to performing the opening and closing practice of surgical procedures upon a patient under general anesthesia. Committee Member Sachs reported that this language was originally placed in the regulations in 1991.

Kimberly Kreifeldt, PA, requested a revision to the 2005 legal opinion. Ms. Kreifeldt stated that the issue of opening and closing should not being addressed together. Ms. Kreifeldt stated that the opening requires a different level of skill and judgment. However, she believes that closing is consistent with the skills and training of the physician assistant.

Ms. Kreifeldt requested that another opinion be considered or that the original opinion be amended. Also, Ms. Kreifeldt asked if it would be possible to amend the regulation to clearly define the physician assistant scope of practice regarding what procedures a physician assistant may perform.

Committee Member Sachs indicated that this opinion has created significant problems throughout the State, not just in one institution.

Staff Counsel Kurt Heppler was asked to review this opinion. If the Committee wishes to change the opinion i.e. scope of practice, it may seek a regulation change to clearly identify what a physician assistant can do or can't do in the operating theater. Mr. Heppler will revisit the issue and, perhaps draft another opinion regarding this matter. The Committee at that point can decide whether to essentially revisit the issue by changing the regulation.

8. Discussion of Physical Therapy Referrals by PAs Being Denied by Medi-Cal

Chairman Klompus stated that he has learned that Medi-Cal is denying referrals by physician assistants for physical therapy even though the PA laws and regulations do not prohibit referrals. Mr. Klompus also stated that Medi-Cal's regulations do not match the regulations for the physician assistants.

The Committee requested that Staff Counsel Kurt Heppler draft a letter and transmit it to the Department of Health Services regarding the current status of the laws and regulations regarding physician assistants ordering physical therapy.

9. Discussion of 2 year PA Programs in California and Potential New Programs

Committee Member Sachs stated that he attended a recent meeting with a national education association for physician assistants. A recent statistic predicts that by 2020, there will be an additional need for 250,000 to 275,000 physician assistants in the United States. Committee Member Sachs stated that with a lack of PA training schools this will become a consumer protection and access to care issue.

New two year programs need to be explored as well as two year programs within four year colleges or medical school settings.

10. Report on the Physician Assistant Education and Training Subcommittee; Consideration of Proposal to Amend Section 1399.536 of the California Code of Regulations

Chairman Klompus indicated that at the May meeting, Staff Counsel Kurt Heppler provided draft language for amending Section 1399.536.

Staff Counsel Kurt Heppler explained that this has been an on-going discussion item with the sub-committee/task force to identify necessary revisions to address the question of PA education and preceptorships. The Committee provided the

Sub-Committee with specific instructions to review Section 1399.536. The draft language was the proposed revision to this Section.

A motion was made to set this matter for public hearing, after the appropriate notice and initial statement of reason are prepared by Committee staff.
(m/Sachs, s/Byous, motion passes)

11. SB 541 Discussion and Potential Action of Expert Consultant Contract Request for Legislative Exemption

Ms. Portman reported that the Committee uses five expert consultants for enforcement cases. The current process requires experts to fill out a form for hourly billing to review and report writing.

Ms. Portman reported that the Department determined that the current process needed to include a formal contract for expert consults. Ms. Portman explained that each expert would need a formal contract in place to provide services up to \$12,500 per year. Ms. Portman indicated that it would be difficult to anticipate how much each expert's services would be needed during the year.

Ms. Portman indicated that if SB 541 passes, the process would be simplified to allow a two page contract for experts. The Department is working on a process to implement this bill if it passes.

A motion was made to draft and transmit a letter in support of SB 541.
(m/Sachs, s/Schasa, motion passes)

12. Update and Consideration of Legislation of Interest to the Physician Assistant Committee

AB 30, AB 82, AB 92, AB 137, AB 138, SB 28, SB 69, SB 100, SB 161, SB 233, SB 544, SB 943

The current status of each bill was reviewed:

AB 30 - Hayashi

Under existing law, the State Department of Public Health licenses and regulates hospitals. Existing law requires hospitals to conduct a security and safety assessment and develop a security plan to protect hospital personnel (including physician assistants), patients, and visitors from aggressive or violent behavior.

AB 82 - Jeffries

Existing law regulates the operation of firefighting equipment, and permits a firefighter or volunteer firefighter to operate firefighting equipment only if the person holds a class A, B, or C license.

The examination for a class A or B driver's license shall also include a report of a medical examination of the applicant given by a health care professional. Health care professionals will include physician assistants.

AB 136 - Beall

Existing law requires the administration of the state's universal service programs, including the deaf and disabled programs. This bill would make technical, non-substantive changes to provisions of law relating to the deaf and disabled universal service program.

This bill would allow a physician assistant to certify the needs of an individual diagnosed by a physician and surgeon as being deaf or hearing impaired to participate in the program after reviewing medical records or copies of the medical records containing that diagnosis.

AB 137 - Portantino

Health care coverage: mammograms.

The Knox-Keene Health Care Service Plan Act of 1975 provides for the licensure and regulation of health care service plans by the Department of Managed Health Care.

This bill would provide that health care service plan contracts and individual or group policies of health insurance issued, amended, delivered, or renewed on or after July 1, 2012, shall be deemed to provide coverage for mammograms for screening or diagnostic purposes upon referral of a participating nurse practitioner, participating certified nurse-midwife, participating physician assistant, or participating physician.

SB 28 - Simitian

Existing law requires the Department of Motor Vehicles to examine applicants for specific driver's licenses. This bill would include a test of the applicant's understanding of cell use and text messaging while operating a vehicle.

13. Schedule of 2011 Meeting Dates and Locations

After a brief discussion among the Committee members, they agreed to move the August meeting from August 25th to Monday, August 22nd. The location will remain in Sacramento due to budget and travel restraints.

14. Agenda Items for Next Meeting

- a. Presentation from the Physician Assessment and Clinical Education Program (PACE) Program
- b. Discussion of Title 16 CCR §1399.541(i)(1) Personal Presence
- c. Discussion of 2 year PA Programs in California and Potential New Programs
- d. Clarification of CME Requirements
- e. The Alignment of Fees with the Applicable Statutes and Regulations
- f. Revisiting of Section 1399,530. Regulations regarding the overall approval of Physician Assistant Educational Programs

15. Adjournment

The meeting adjourned at 2:00 p.m.

State of California
Office of Administrative Law

COMMITTEE
LICENSING

In re:
Physician Assistant Committee

NOTICE OF APPROVAL OF REGULATORY
ACTION

Regulatory Action:

Government Code Section 11349.3

Title 16, California Code of Regulations

OAL File No. 2011-0608-03 S

Adopt section: 1399.547

This action specifies the contents of the notice that licensees providing medical services must provide to patients and the manner in which the notice may be provided. The regulation implements Business and Professions Code section 138 which provides that every board in the Department of Consumer Affairs must adopt such a regulation to advise patients of state licensing.

OAL approves this regulatory action pursuant to section 11349.3 of the Government Code. This regulatory action becomes effective on 8/11/2011.

Date: 7/12/2011

July 15, 2011

Toby Douglas
Director, California Department of Health Care Services
P.O. Box 997413
Sacramento, California 95899-7413

Dear Director Douglas:

I write on behalf of the Physician Assistant Committee (Committee) and to address some potential confusion regarding the reimbursement of physical therapy services ordered by a physician assistant.

As you may know, the Committee is the state agency charged with the responsibility of licensing physician assistants. (See Bus. & Prof. Code, §3502.) A physician assistant may provide the medical services set forth in regulations by the Medical Board of California (Board). (See Business and Professions Code, §3502.)

Pursuant to the authority granted in section 3502, the Committee, with the consent of the Board, promulgated regulations that establish the scope and breadth of medical services that may be performed by a physician assistant. Specifically, (b) of Section 1399.541 of Title 16 of the California Code of Regulations (attached) explicitly authorizes a physician assistant to order physical therapy services. Section 14132.966 of the Welfare and Institutions Code also addresses Medi-Cal covered benefits and physician assistants.

The Committee hopes the foregoing is of assistance.

Sincerely,

DOREATHEA JOHNSON
Deputy Director, Legal Affairs

By Kurt Heppler
Senior Staff Counsel

CALIFORNIA DEPARTMENT OF CONSUMER AFFAIRS

DCA Regulations

1399.541. Medical Services Performable.

Because physician assistant practice is directed by a supervising physician, and a physician assistant acts as an agent for that physician, the orders given and tasks performed by a physician assistant shall be considered the same as if they had been given and performed by the supervising physician. Unless otherwise specified in these regulations or in the delegation or protocols, these orders may be initiated without the prior patient specific order of the supervising physician. In any setting, including for example, any licensed health facility, out-patient settings, patients' residences, residential facilities, and hospices, as applicable, a physician assistant may, pursuant to a delegation and protocols where present:

(a) Take a patient history; perform a physical examination and make an assessment and diagnosis therefrom; initiate, review and revise treatment and therapy plans including plans for those services described in Section 1399.541(b) through Section 1399.541(i) inclusive; and record and present pertinent data in a manner meaningful to the physician.

(b) Order or transmit an order for x-ray, other studies, therapeutic diets, physical therapy, occupational therapy, respiratory therapy, and nursing services.

(c) Order, transmit an order for, perform, or assist in the performance of laboratory procedures, screening procedures and therapeutic procedures.

(d) Recognize and evaluate situations which call for immediate attention of a physician and institute, when necessary, treatment procedures essential for the life of the patient.

(e) Instruct and counsel patients regarding matters pertaining to their physical and mental health. Counseling may include topics such as medications, diets, social habits, family planning, normal growth and development, aging, and understanding of and long-term management of their diseases.

(f) Initiate arrangements for admissions, complete forms and charts pertinent to the patient's medical record, and provide services to patients requiring continuing care, including patients at home.

(g) Initiate and facilitate the referral of patients to the appropriate health facilities, agencies, and resources of the community.

(h) Administer or provide medication to a patient, or issue or transmit drug orders orally or in writing in accordance with the provisions of subdivisions (a)-(f), inclusive, of Section 3502.1 of the Code.

(i) (1) Perform surgical procedures without the personal presence of the supervising physician which are customarily performed under local anesthesia. Prior to delegating any such surgical procedures, the supervising physician shall review documentation which indicates that the physician assistant is trained to perform the surgical procedures. All other surgical procedures requiring other forms of anesthesia may be performed by a physician assistant only in the personal presence of an approved supervising physician.

(2) A physician assistant may also act as first or second assistant in surgery under the supervision of an approved supervising physician.

NOTE: Authority cited: Sections 2018, 3502 and 3510, Business and Professions Code. Reference: Sections 2058 and 3502, Business and Professions Code.

HISTORY:

1. Repealer of former section 1399.541 and renumbering and amendment of former section 1399.523 to section 1399.541 filed 9-20-83; effective thirtieth day thereafter (Register 83, No. 39). For prior history, see Registers 82, No. 10; 80, No. 6; and 79, No. 34.
2. Amendment of subsection (h) filed 7-12-85; effective thirtieth day thereafter (Register 85, No. 28).
3. Amendment of subsection (f) filed 8-24-89; operative 9-23-89 (Register 89, No. 36).
4. Amendment filed 1-28-92; operative 2-27-92 (Register 92, No. 12).
5. Editorial correction of printing error in first paragraph (Register 92, No. 27).
6. Change without regulatory effect amending subsection (h) and Note filed 8-3-2007 pursuant to section 100, title 1, California Code of Regulations (Register 2007, No. 31).

*The uncollectable amount is from licenses that were surrendered, revoked, or sent to FTB over the last 5 years. The cost recovery would be required to be paid in full if they applied for a reinstatement of the license.

MEMORANDUM

DATE	August 12, 2011
TO	Members, Physician Assistant Committee
FROM	 Kurt Heppler, Senior Staff Counsel Division of Legal Affairs
SUBJECT	Section 1399.541 of the California Code of Regulations; 'Personal Presence'

At the recent meeting of the Physician Assistant Committee (Committee), legal counsel was directed to revisit a previously issued 2005 legal opinion regarding the interpretation of section 1399.541 of title 16 of the California Code of Regulations (section 1399.541). Specifically, the issue is the meaning of the term 'personal presence', as used in subdivision (i)(2) of section 1399.541, which follows:

- “(i) (1) Perform surgical procedures without the personal presence of the supervising physician which are customarily performed under local anesthesia. Prior to delegating any such surgical procedures, the supervising physician shall review documentation which indicates that the physician assistant is trained to perform the surgical procedures. All other surgical procedures requiring other forms of anesthesia may be performed by a physician assistant only in the personal presence of an approved supervising physician.
- (2) A physician assistant may also act as first or second assistant in surgery under the supervision of an approved supervising physician.”

The previous opinion issued by this Office suggested that a physician assistant's (PA) supervising physician must be within earshot of the PA when the PA is performing delegated surgical procedures on a patient under other than local anesthesia to conform to personal presence requirement. The opinion also suggested that the supervising physician needed to be in the same surgical area or theater as the PA to offer immediate assistance if necessary.

At the recent meeting, both Committee members and attendees suggested that the opinion:

- 1) May be causing economic harm to licensed PAs because hospitals rely on that opinion and therefore may elect to use other licensed healthcare providers to provide certain surgical services;
- and 2) May not be consistent with the current state of practice and/or technology used in the health care arena. Accordingly, the Committee asked that the matter be revisited.

I. Background

The Committee is the state agency charged with the responsibility of licensing, disciplining and overseeing of PAs. (Bus. & Prof. Code, §§ 3509, 3519, & 3527.)¹ Whenever the Committee exercises its licensing, disciplinary, and regulatory functions, protection of the public shall be its highest priority. (§ 3504.1.)

A physician assistant may provide specified medical services under the supervision of a licensed physician and surgeon. (§ 3502.) The services that may be provided are to be set forth in regulations adopted by the Committee in conjunction with Medical Board of California. (*Ibid.*) A PA may also issue drug orders for patients. (§ 3502.1.)

II. Regulations

The purpose of regulations is to implement, interpret or make specific statutes. (See Gov. Code, § 11347.600.) To implement the provisions of section 3502, section 1399.541 was adopted, which sets forth a myriad of medical services that may be performed by a PA. However, a PA may only provide those medical services: 1) he or she is competent to perform; 2) are consistent with his or her training, education and experience; and 3) are delegated in writing by a supervising physician and surgeon. (Cal. Code Regs., tit. 16, § 1399.540.) Conceivably, the delegation of services could be less comprehensive than those services enumerated in section 1399.541.

Regulations have been adopted that define the generally required level of physician supervision. Subdivision (a) of section 1399.545 provides that a supervising physician shall be available in person or by electronic communication at all times when the physician assistant is caring for patients. Subdivision (d) of that section requires the PA and his or her supervising physician to develop transport and back-up procedures in emergency situations when the supervising physician is not on the premises. It is important to note that subdivision (i) of section 1399.541 delineates a level of supervision to be used in a specific circumstance: The performance of surgical procedure(s) on a patient who has received a level of sedation greater than local anesthesia.

III. Analysis and Recommendation

As mentioned earlier, the Committee asked legal counsel to revisit the previous opinion regarding section 1399.541 and the term 'personal presence'. Rather than relying on a second legal opinion to resolve this matter, perhaps a better and more prudent approach would be to define in regulation what 'personal presence' means when a PA performs a surgical procedure on a patient who is under a form of sedation other than local anesthesia. The rulemaking process would allow all interested parties to comment on the proposed regulations and would also allow the discussion of technological advancements in healthcare and electronic communications. Once the regulations were adopted, then all parties could rely upon them.

¹ All further statutory references are to the Business and Professions Code unless indicated otherwise.

Members, Physician Assistant Committee

August 12, 2011

Page 3

The Committee may wish to consider the creation of a subcommittee or task force to study the issue and perhaps hold an interested parties meeting to solicit input from the affected entities. Once adequate input is obtained, the subcommittee or task force could report its findings and recommendations to the Committee, which may then elect to commence the rulemaking process.

We trust the foregoing is responsive to the Committee's request.

Senator
Curren D. Price, Jr.
Chair

M e m o r a n d u m

To: Boards Subject to Review in 2011-12
From: Senator Curren D. Price, Jr.
Date: May 10, 2011
Subject: Request for Information and Issues to be Addressed for 2011-12 Oversight Review

This is to inform you that the Senate Committee on Business, Professions and Economic Development (Committee) will begin its oversight review of the following boards in the fall of 2011:

- Acupuncture Board
- Board of Behavioral Sciences
- Chiropractic Board
- Court Reporters Board
- Pharmacy Board
- Physical Therapy Board
- ✓Physician Assistant Committee
- Podiatric Medicine Board
- Psychology Board

You will receive separately by email a Report Form that should be completed and submitted to the Committee by November 1, 2011. The Report has been significantly revised from the Report used by the Committee in prior years. The revisions are intended to simplify the reporting process for the boards, and focus more clearly on issues of interest to the Committee. The first sections of the Report provide an overview of the board's current regulatory program, and gives pre-formatted tables and charts to be filled in by the board. The latter sections focus on responses by the board to

Boards to be Reviewed 2011-12

May 10, 2011

Page Two

particular issues that are raised by the Committee or that are raised by the individual board.

We ask that you complete the tables and charts and provide the appropriate statistical information for the fiscal years indicated. In the event that some information may not pertain to your particular board, please note it on your response, but please be sure to include information that is relevant to your activities and programs.

In completing your Report, please note the following sections:

Section 10 – Board Action and Response to Prior Sunset Issues. This should reflect the board's response to each individual issue and recommendation that was raised by the Committee during the prior review of the board.

Section 11 – New Issues. The Committee may have additional issues that the board will have to address during this review. The board also has an opportunity to raise new issues and make recommendations to the Committee within this section. We encourage the board to request a meeting with Committee staff to review possible issues to be addressed within this document for the 2011 review.

Along with the Report Form, you are also being sent a Guide to complete the tables in the Report. Most of the tables may be completed from data in standard reports that the board already receives. If your board does not use the Department's report and data processes, please report information using the definitions given in the Guide.

Each board should submit 15 printed copies of its final Report to the Committee, and also submit an electronic copy to the Committee (you may submit a PDF version, but we also request a MS-Word copy).

Committee staff will be responsible for investigating and analyzing information provided by the board, and then preparing a background paper with issues to be addressed by the board and, when possible, preliminary recommendations for the board and interested parties to consider during our public hearings to be held early in 2012.

We expect to announce the dates for the hearings sometime in December. We would like to request that once the hearing dates are set that the board send out letters of interest (by mail or email) to your mailing list of organizations, groups, or individuals who would be interested in attending the Committee's public hearings.

If you have any questions about the attached documents or the review process, please contact G. V. Ayers of my staff at (916) 651-4104.

2005 Evergreen Street, Suite 1100, Sacramento, CA 95815
P 916 561-8780 F 916 263-2671 website www.pac.ca.gov

May 25, 2011

The Honorable Curren Price
California State Senate
State Capitol
Sacramento CA 95814

Dear Senator Price:

The Physician Assistant Committee (PAC) would like to inform you of its support for SB 541 (Price).

SB 541 authorizes the boards within the Department of Consumer Affairs (DCA) to enter into an agreement with expert consultants to provide enforcement and examination assistance, without completing a formal contract process. It would also require each board or committee to establish policies and procedures for the selection and utilization of the consultants.

The PAC uses experts to review medical records and documentation related to enforcement cases, and may render opinions on specific areas of complaint. They may also provide expert opinion and testimony at disciplinary hearings. These experts participate in complaint investigations and administrative hearings and provide professional review and opinions about care rendered in specific cases under review.

It is critical for the PAC to have the ability to promptly contract for services of an expert consultant. If we are unable to do so expeditiously, our enforcement timelines will most likely increase and potentially jeopardize our enforcement process, as it would require the PAC to enter into a formal contract each time we need an expert to review a case or provide testimony. Additionally, the PAC's mission is to provide consumer protection to citizens of California. There will be a potential loss of consumer protection if the PAC is unable to promptly contract for services of an expert consultant.

We respectfully request the support of SB 541. If there are any questions regarding the above, please contact Elberta Portman, Executive Officer, at (916) 561.8780.

Sincerely,

Steven Klompus, PA, Chair
Physician Assistant Committee

Amber Alexander, Senate Republican Caucus

AGENDA ITEM #12

The listed Legislative Bills are available upon request or you can go to the Legislative website at www.leginfo.ca.gov

PAC LEGISLATION FOR AUGUST 2011

AB 30 - Hayashi

Under existing law, the State Department of Public Health licenses and regulates hospitals. Existing law requires hospitals to conduct a security and safety assessment and develop a security plan to protect hospital personnel (including physician assistants), patients, and visitors from aggressive or violent behavior.

AB 82 – Jeffries CHAPTERED 7/25/2011

Existing law regulates the operation of firefighting equipment, and permits a firefighter or volunteer firefighter to operate firefighting equipment only if the person holds a class A, B, or C license.

The examination for a class A or B driver's license shall also include a report of a medical examination of the applicant given by a health care professional. Health care professionals will include physician assistants.

AB 92 – Blumenfield (Budget Bill)

An act making appropriations for the support of the government of the state of California and for several public purposes in accordance with the provisions of Section 12 of Article IV of the Constitution of the State of California. This will take effect immediately.

AB 136 - Beall

Existing law requires the administration of the state's universal service programs, including the deaf and disabled programs. This bill would make technical, non-substantive changes to provisions of law relating to the deaf and disabled universal service program.

This bill would allow a physician assistant to certify the needs of an individual diagnosed by a physician and surgeon as being deaf or hearing impaired to participate in the program after reviewing medical records or copies of the medical records containing that diagnosis.

AB 137 - Portantino

Health care coverage: mammograms.

The Knox-Keene Health Care Service Plan Act of 1975 provides for the licensure and regulation of health care service plans by the Department of Managed Health Care.

This bill would provide that health care service plan contracts and individual or group policies of health insurance issued, amended, delivered, or renewed on or after July 1, 2012, shall be deemed to provide coverage for mammograms for screening or diagnostic purposes upon referral of a participating nurse practitioner, participating certified nurse-midwife, participating physician assistant, or participating physician.

AB 138 – Beall

Elder Economic Planning Act of 2011.

The Mello-Granlund Older Californians Act creates the California Department of Aging, with prescribed duties, including the development of the state plan on aging. This bill would require, if specified conditions are met, the department to report data from the Elder Economic Security Standard Index (Elder Index), as defined, for each service area included in the state plan. The act also establishes area agencies on aging with specified duties, including creation of a plan for the agencies that considers available data and population trends, assesses the need for services, identifies sources of funding for services, and develops and implements a plan for the delivery of services based on the need.

SB 28 - Simitian

Existing law requires the Department of Motor Vehicles to examine applicants for specific driver's licenses. This bill would include a test of the applicant's understanding of cell use and text messaging while operating a vehicle.

SB 100 - Price

This bill would require certain healing arts licensees to include in advertisements, as defined, certain words or designations following their names indicating the particular educational degree they hold or healing art they practice.

Existing law requires the Medical Board of California, in conjunction with the Board of Registered Nursing, and in consultation with the Physician Assistant Committee and professionals in the field, to review issues and problems relating to the use of laser or intense light pulse devices for elective cosmetic procedures by their respective licensees.

This bill would require the board to adopt regulations by January 1, 2013, regarding the appropriate level of physician availability needed within clinics or other settings using certain laser or intense pulse light devices for elective cosmetic procedures.

AB 92 and SB 69

Both bills are the budget bills and were not included in the packet due to their size; however, a copy can be provided if requested.

SB 161 - Huff

This bill would allow non-medical school personnel who undergo voluntary training to administer the drug Diastat to a pupil suffering an epileptic seizure.

SB 233 - Pavley

Expands the definition of a medical professional providing consultation, care, treatment and surgery in an emergency department (ED) setting to include a physician assistant (PA) practicing in compliance with prescribed provisions.

SB 541 – Price (Support Letter by PAC)

Regulatory boards: expert consultants.

Existing law provides for the licensure and regulation of various professions and vocations by boards within the Department of Consumer Affairs. Existing law, the Chiropractic Act, enacted by initiative, provides for the licensure and regulation of chiropractors by the State Board of Chiropractic Examiners. Existing law, the Osteopathic Act, requires the Osteopathic Medical Board of California to regulate osteopathic physicians and surgeons. Existing law generally requires applicants for a license to pass an examination and authorizes boards to take disciplinary action against licensees for violations of law. Existing law establishes standards relating to personal service contracts in state employment. This bill would authorize these boards to enter into an agreement with an expert consultant, subject to the standards regarding personal service contracts described above, to provide enforcement and examination assistance. The bill would require each board to establish policies and procedures for the selection and use of these consultants.

This bill would declare that it is to take effect immediately as an urgency statute.

SB 544 - Price

Enacts the Consumer Health Protection Enforcement Act that includes various provisions affecting the investigation and enforcement of disciplinary actions against licensees of healing arts boards.

SB 943 – Business, Professions and Economic Development

Makes several non-controversial, minor, non-substantive or technical changes to miscellaneous provisions pertaining to regulatory boards of the Department of Consumer Affairs and professions regulated primarily under the Business and Professions Code.
